

PECANS

ANTI-STRESS 550[®] is a non-toxic, biodegradable, water-based polymer coating which creates an elastic membrane that reduces moisture loss in plants.

Apply **ANTI-STRESS 550[®]** to:

- Increase kernel fill during late season stress.
- Reduce damage to buds and blooms during period of late frost and freeze.
- Improve crop set for following year.

ANTI-STRESS 550[®]:

- Will not inhibit pollination.
- Allows for normal stomatic activity and does not interfere with photosynthesis.
- Allows for unrestricted plant growth permitting leaf and plant flexibility.

Application of **ANTI-STRESS 550[®]**:

- One to two gallons of Anti-Stress 550[®] should be applied per 100 gallons of water.
- Apply early July for water stress, kernel fill and crop set.
- Anti-Stress 550[®] may be applied with most types of conventional farm, orchard or ground spray equipment.
- Sufficient spray pressure/volume must be used to dispense Anti-Stress 550[®] over and throughout the entire tree surface.
- Application is effective for 30 – 60 days.

Available in 2.5 gallon containers, 30 & 55 gallon drums, and 275 gallon totes.

Pesticide use permit not required / Applicators License not required
Anti-Stress 550 is exempt from reporting by California requirements
Not a Pesticide
